

# VICTOR OSAIKHUWUOMWAN

Toronto, ON M1H2Y7 | 4168302310 | vosaikhu@my.centennialcollege.ca

## Professional Summary

Seasoned Software Engineer experienced in developing applications, databases and cloud computing solutions. Smart professional with proven troubleshooting and debugging capabilities for resolving complex technical issues.

## Skills

Front-End Development

Software Testing

Machine Learning

Back-End Development

Front-End Development

## Work History

Software Engineer

05/2024 to Current

VikiTech – Toronto

Developed "Dog Buddy App"

- Developed "UnicJewelry App"
- Developed "KSI Predictive Model"
- Developed "Shell Gas Prices App"
- Developed "VikkiRealtor App".
- Collaborated with cross-functional teams to deliver high-quality software products on schedule.
- Optimized algorithms for faster processing, reducing overall computation time..
- Streamlined development processes to increase efficiency and reduce production time.
- Implemented effective debugging strategies, resulting in fewer software defects and increased reliability.
- Designed robust testing frameworks to validate functionality and ensure a high level of quality assurance.
- Integrated new technologies into existing systems, increasing capabilities and improving overall performance.
- Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance.
- Implemented automated build and deployment processes to streamline release management procedures.

- Conducted thorough code reviews to identify potential areas for improvement, ultimately enhancing code quality across all projects handled by the team.
- Established efficient communication channels within the team, leading to better collaboration among members during project development phases.
- Developed reusable components that significantly reduced development effort on multiple projects.
- Proactively identified security vulnerabilities in application code, implementing necessary measures to mitigate risks.
- Contributed to open-source projects, sharing knowledge with the broader community while gaining valuable insights from other experienced professionals.

## Software Developer

02/2024 to Current

### Centennial College – Toronto

- Improved software efficiency by troubleshooting and resolving coding issues.
- Enhanced user experience through designing and implementing user-friendly interfaces.
- Developed customized software solutions for diverse clients, resulting in increased satisfaction and repeat business.
- Collaborated with cross-functional teams to deliver high-quality products on tight deadlines.
- Optimized application performance by conducting regular code reviews and refactoring when necessary.
- Increased development speed by automating repetitive tasks using scripts and tools.
- Saved time and resources by identifying and fixing bugs before product deployment.

## Education

---

**Advanced Diploma:** Software Engineering Technology & AI

Expected in 04/2025

**Centennial College** - Toronto, ON

**Diploma:** Electro/Mechanical Engineering

06/2017

**Institute of Professional Studies** - Nigeria

## Soccer and Chess

---

I enjoy playing and watching soccer, as well as chess.
